speakers to contend for the prize at the evil times. end of the present term.

Mr. J. H. Fisk, the assayist, has re-cently manufactured a small quantity Miss Ella Sabin, candidate on the Reof chromic acid, from some pure chrome publican ticket for School Superintendore, which was brought from Southern one, which was brought from Southern would not attempt to discharge the de-Oregon a short time since. This acid is of considerable commercial value, being an indispensible commodity in the manufacture of chromos, and is also extensively employed in coloring the matanata and will discharge the duties of that of ter used to print calicoes. The acid Mr. fice creditably. She will make a capable big pronounces to be of superior quality. The ore, in its pure state, is found their favorites ?- Eugene Journal. in exhaustless abundance hear Rose burg, and convenient to the line of rail-

The Oregonian says: "Wife-beating still continues a popular, and, we might said, fashionable amusement with some of the inhabitants of the city. A gendemen (heaven save the mark) residing in the lower portion of the city, imbibed rather too freely of spirituous inspiration on Thresday evening.

A very rapid, safe and casy way to make money is to produce the rather too freely of spirituous inspiration on Thresday evening. Coming home in that beastly condition, the drunken wretch began to beat his wife. Just when and where the flagellation would have ceased, or what the result of the domestic broil would have been, is difficult to predict, had not a person who fortunately happened to pass been attracted by the outcries of the poor woman. He came to the rescue, and being a constable, quietly marched the brute off and had him arrested. Yesterday morning the miserable fellow entered is plea of guilty, and was fined.

Such conduct in a civilized and Such conduct in a civilized and law-abiding community! Home missionaries wanted."

THOUGHTS OF AN ANTI-ORUSADER.

TO THE EDITOR OF THE NEW NORTHWEST: I know you will not agree with me, but I, as one of your patrons, desire to have my say upon the Temperance ques-

The entire Crusade is a mixture of religion and foolishness. Religion and virtue are, through it, made a laughing stock for the civilized world. Every enlightened mind knows that God made no mistake in letting the grapes grow. Millions have lived by the cultivation of the grape. Christ drank wine, and the most celebrated men of all ages, poets, artists, preachers, statesmen, have ASSAYER AND METALLURGIST.

Our cold-water Reverends are responsible for the Crusade humbug. They are men who never carry bricks and mortar, never wield a sledge hammer or work all day long in poisonous paint.

Workingmen have other pecessities

Tests Made with Care, and assays for Gold and Silver, Copper, Lead, Antimouy, Nickel, Chrome, Flumbago, Tin, Iron, Clumebar, Lime, and other Meiais. Analysis of Mineral Waters and all other substances.

Workingmen have other pecessities Workingmen have other necessities than these modern saviors.

Eveybody can see that drunkenness in twin brother to crime, and goes hand is hand with corruption. But every- IN EVERY FAMILY! countries, where the more flery spirituous liquors are displaced by the pure wonderful achievement! ness at all as compared to America, where the people are too religions to follow the advice of St. Paul.

Ladies of Oregon, if you want to stop | whisky drinking in America, imitate only Ten Dollars: rural districts and go to raising grapes.

Many parts of this State are favorable and for their culture. You need outdoor as.

Machine for less than 18, that operates by the continue their subscriptions. Many parts of this State are favorable for their culture. You need outdoor exercise to bring the roses to your cheeks.

The people need wines so plenty and cheap that they will not have excuse for drinking brandy, whisky, rum or gip. Your present course leads to an estate of their newspapers, the publisher may continue to send them until all arrearages are paid.

The last invention to render sewing less indorious. The newspapers from the offices to which they are directed, the law holds them responsible until

SMALL-POX CURE AND PREVENTIVE

Now prepared and kept on hand at my office, Cor. First and Main Streets,

-19 A-SURE CURE OR PREVENTIVE

For that disease, SAMUEL CORWIN, Proprietor,

The history of this medicine cannot better be explained than by inserting the following letter: explained than by inserting the following letter:

San Francisco, July 2, 1872.

My Dear Old Friend, Samuel Corwin:—
I have no doubt butyou will be much surprised on receiving this letter, but, perhaps, not more so, or more gratified, than I was to hear from you. The manner in which I heard from you, and learned of your whereabouts, is this: I happened to be looking over an Oregon paper and hoticed your name, as representative elact, from Tillamook county. The thrill of pleasurs which I experienced on reading is indeasuribable. The many acts of kindness which I received at your hands long years ago had qever heen forgotten, notwithstanding our correspondence has been broken for seventeen years. Well, Sam, I won't attempt to give you more than the outlines of what has transpired with me since we last corresponded. So many incidents of the past, in which you and I were connected, crowd upon my mind that I cannot think or write of myself. Does your mind ever revert to the past, when we first met-how you not ook me in as a partner, when those who should have been my best friends threw off on me-how we got snowed in and had to live on potatoes straight for six weeks—how good that grizzly meat fasted—what a disgraceful retreat we made from our poor innocent Jack, when we thought we were besided by a grizzly furnish subject matter for my thoughts, and, as I am writing to you, crowd upon my mind, but I will dismiss them for the present to give place to that which will, perhaps, be of greater interest to you.

I pocketed eleven thousand dollars out of the Poeter of the past of the present to give place to that which will, perhaps, be of greater interest to you.

SOMETHING NEW!

JAPANESE PEAS!

TWO HUNDRED BUSHELS TO THE ACKE.

Farmers and Gardeners, Read This!

Farmers and Gardeners, Read This!

THESE PEAS have recently been brought to this country from Japan, and prove to be the finest Pea known for table use or for stock. They grow in the form of a bush, from 2 to feet high, and do not require sticking. They gived from one Quart to a Gallon per bush. A sample package, that will produce from a to be bushels of peas, with circular giving terms to Agents, and mill directions as to time and manner of planting, will be sent postpaid to any one desiring to act as Agent, on receipt of Jacks.

We have cultivated the Japanese Pea the past senson, on a small scale, and we are environed they are a perfect success. Their yield from the Quart to a Gallon per book of the manual post of the male that is senson, on a small scale, and we are environed they are a perfect success. Their yield from the Quart to a Gallon per book of the manual post of the male that I was determined, if possible, to obtain the formula, in which I succeeded, by paging handsomely and promising not to divulge it in France.

Testimonials:

We have cultivated the Japanese Pea the past senson, on a small scale, and we are convinced they are a perfect success. Their yield from the Quart to a Gallon per book of the male and manner of planting, will be sent postpaid to any one desiring to act as Agent, on receipt of Jacks. Address L. L. OSMENT, Cleveland, Tenn.

Testimonials:

The following testimonials are from reliable persons:

Portland, Sept. 1, 1873.

Statement:—My son Henry, now six years of age, had a severe attack of the malignant form of scarlet fever about four years ago. My family physician, by. Hamilin, of Marywrille, California, toid me that the child had better have died, as he would be affilied all his life with sores of a scrotillous nature, which he considered incirable. The condition of the child up to last April seemed to confirm the Boctor's opinion, as he never was free from those cruptious sores. A number of our best physicians had endeavored in vain to give the child relief. At the time I commenced giving him Dr. Borzeau's Small-pox Hemedy the child was unable to open his eyes, his face was a complete mass of inflammation and corruption running from both ears. He took two bottles of the above-named medicine as per directions. In twelve hours from commencing to take the medicine, a favorable change was noticeable, and in less than six weeks all traces of the oid. medicine, a favorable change was noticeable, and in less than six weeks all traces of the old affliction had disappeared. JNO, M. FRONK,

The following named persons are referred to as having a knowledge of the above statement.

Dr. J. A. Blanchard, oculist, who treated the child for sore eyes, Dr. Glitner, Dr. E. G. Freeland, J. Murray, contractor, Geo. W. Hillman, Issue Sherman, and many others of Portland, Oregon.

Albany, Oregon, June 1, 1872,
Mr. Corwin-Dear Siri-I used two bottles of
your small-pox remedy, for scarlet fever.
Both of my childred had it, and all the medicine they used was your small-pox remedy.
Their recovery was speedy and complete.
CHARLES NOLAN.

Portland, Oregon. Sept. 13, 1873.

My clerk, W. Caviness, was taken sick with measies, last March. I administered Dr. Borzeau's smail-pox remedy according to accompanying directions, and in all my experience with that disease I never heeded a more complete and speedy recovesy.

E. G. FREELAND,

Druggist, 113 First street, Portland.

Portland, Oregon, Sept. 16, 1873.

For the benefit of my friends and the public, I state the following facts: On the 4th day of September, I felt quite unwell, having head-ache, pains in my back and Joints, with occasional chilis; a fever set in anomaloun the 3th a scarlet rash was plain to be seen on my skin. I had become satisfied that I had the symptoms of small-pox, and commenced taking Corwin's preparation for the cure of that disease, and it proved a success in my case, as no further developments appeared. I took but it dees, and have since felt all right. I have no healtancy in recommending it to my friends who may feel any symptoms of small-pox.

JAMES F. GALLIGHER,
Boot maker, 198 First street, Portland.

Portland, Oregon, Sept. 15, 1873.

I have taken one hottle of Dr. Borsean's Small-pox Remedy as a preyentative, and although frequently exposed to the disease at the time, I escaped all symptoms.

JAMES M. MAYBERY,
Contractor and Builder, Portland, Or. I have taken Corwin's Small-pox Remedy, and being exposed to the disease at the same time, escaped all symptoms, which is the only proof that it is a preventative.

City Councilman, 5d Ward, Portland, Or.

I have been using Corwin's Small-pox Remedy, and though exposed to the disease, have no symptoms. I believe it to be a preventative as well as a cure. I being exposed to the small pox, contracted the disease. I used for it Corwin's preparation and no other medicine except alteratives. The postules never matured. Left no marks. My filmess was not at all severe. My children, five in number, were all taken with the disease, and treated by one of our best physicians, employed by the city. One, a girl of four years, died, and the balance were builty marked. I used about two beffies of the medicine.

EMILY McMAHON.

Portland, Oregon, August 22, 1872.

I was taken with small-pox about the 28th of July. I had purchased a bottle of Dr. Borzeau's Small-pox Remedy some time previous, and commenced taking it as soon as I was satisfied I had the disease, which was on the second day of my illness. My sickness was mild, except severe vomiting, which took place before I commenced using the medicine. The year is that I had the small-pox. I book one hottle-I think about thirty doses. In three days I was able to go to work. I have have no doubt but that the Remedy saved me from being marked, and perhaps from death.

FREIR C. THATCHER.

Statement of J. R. Lake, dealer in stores and

Statement of J. R. Lake, dealer in stoves and Statement of J. R. Lake, dealer in sloves and tin-ware, on Front, between Morrison and Yamhill streets: "My daughter was taken with the small-pox about the lith of August. A physician was employed, and the patient was apparently in a critical condition. I procured Dr. Borreau's Small-pox remedy, which was administed with apparent good effect. My wife, being exposed, had taken the medicine as a preventative—had the primary symptoms, but no postules, or serious sickness." This Remedy is also a sure cure for Chicken-pox, Scarlet Pever, Messies, and all scrofolous and skin diseases.

SAMUEL CORWIN,

Office-Southwest corner Main and First Sts. Orders sent to Samuel Corwin, Proprietor, or E. G. Freeland, 127 First St., Portland, Oregon, will be promptly attended to. Orders for a dozen or more will be sent to any part of the United States by Express, C. O. P.
